

TAIBOLA ASSEMBLE

Monumental art & cultural management | Russia – Norway – Europe – World

Taibola Assemble is the main creative force of the international art festival «Taibola», which takes place on the White Sea coast since 2012 (Russia, Arkhangelsk region, locations of wild nature). At the festival, we build a wooden musical scene, a playground, a cafe and other infrastructure for 3000-5000 people. For more than 8 years, we have created large-scale installations from driftwood, wood, metal and other materials in Russia and abroad. We have also worked with small architectural forms (benches, pinwheels, etc.), street art (murals), kinetic fire sculptures, created snow and ice sculptures, worked with sand show. Our art team includes professional artists, builders, designers, PR & cultural managers.
